Course Name: Mobile Computing

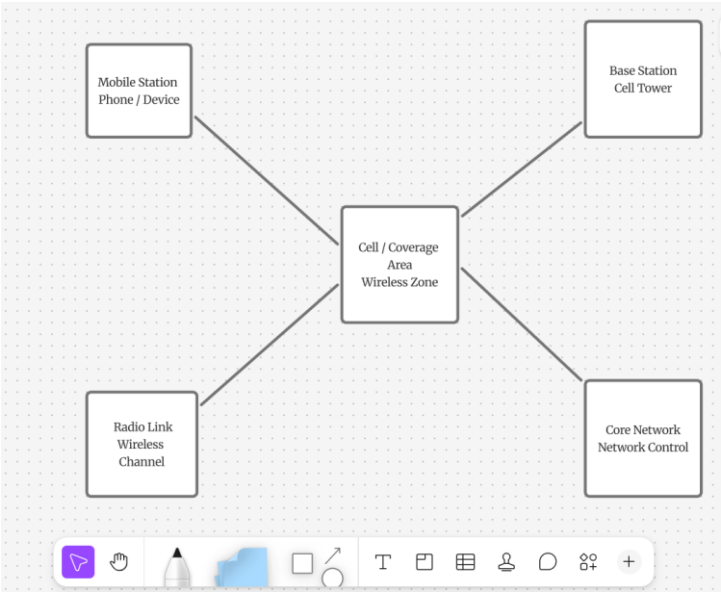

Experiment 1: Basic Cellular System Diagram in Figma

Aim: To create a diagram illustrating the components of a basic cellular system using Figma.

Procedure:

1. Open Figma and create a new design file.
2. Create a frame with a light-gray background.
3. Draw five rectangular boxes and arrange them vertically.
4. Add the names: Mobile Device, BTS, BSC, MSC, and External Networks.
5. Give each box a different color.
6. Connect the boxes using arrows to show communication.
7. Add short descriptions inside each box.

Output:

Result: A basic cellular system diagram was created successfully using Figma.
